Subject Revised HPV TestPlan for CAS 116265680 Phosphorous acid, triphenyl ester, reaction products with dipropylene glycol

Diane,

The letter from Charlie Auer dated September 29, 2006 indicates that Chemtura Corporation has not responded to EPA comments for CAS 116265680 Phosphorous acid, triphenyl ester, reaction products with dipropylene glycol. We have considered EPA's comments and as a result we are submitting a *revised* Test Plan and robust summaries as part of our commitment to sponsor CAS Number 116265-68-0 (Phosphorous acid, triphenyl ester, reaction products with dipropylene glycol) under the HPV Challenge Program.

If you have any questions regarding our commitment, please feel free to Alan Taylor at (203) 573-2219 or Alan.Taylor@chemtura.com. You may also contact me at (860) 429-0038 or wendykoch@eponallc.com.

Please confirm receipt of this email. Thank you.
